

Aware Recovery Care Announced as Presenting Sponsor of SHE RECOVERS in CHICAGO, a Three-Day Conference Experience for Women in or Seeking Recovery from Trauma and Other Life Challenges

Partnership Highlights the Organizations' Shared Commitment to Empowering Individuals in Recovery and Meeting People Where They Are

(CHICAGO, IL) February 1, 2023 – The [SHE RECOVERS® Foundation](#) is proud to announce [Aware Recovery Care](#) as a SHE RECOVERS Trusted Resource and the Presenting Sponsor of [SHE RECOVERS in CHICAGO](#), a three-day experience for women in or seeking recovery from life challenges including substance use, grief and loss, eating disorders, burnout and moral injury, chronic pain, love addiction, mental health issues such as anxiety and depression, and other obstacles often associated with trauma. Aware Recovery Care offers individuals a data-driven, in-home treatment program for drug and alcohol addiction with support from specially trained addiction professionals.

“We are absolutely thrilled to partner with Aware Recovery Care as we work together to provide a continuum of accessible, individualized, responsive and evidence-based recovery solutions for women. We are grateful to be aligned with an organization that truly believes in a client-centered approach to treatment and meeting people where they are,” said SHE RECOVERS Executive Director Susan Carter. “We believe the in-home recovery treatment programming provided by Aware is unparalleled in their ability to provide holistic support that empowers recovering women to receive treatment in a way that best suits their lifestyle, needs, and respective recovery pathways and patchworks.”

Aware Recovery Care provides a full continuum of home-based care including in-home withdrawal management (in-home detox), medication-assisted treatment (MAT) and management, individual therapy, family therapy, and coordinated medical and behavioral healthcare. By transforming the home into the treatment setting, Aware helps people recover safely and discreetly in their own environment, without disrupting work or school. The Aware treatment process allows individuals to recover from addiction while getting the right amount of healthcare - all in the safety and comfort of your home. Anthem Blue Cross/Blue Shield found that 78% of people who complete Aware’s in-home treatment remain drug and alcohol free a year after treatment.

“[We are honored to be named a SHE RECOVERS Trusted Resource and so excited to be a presenting sponsor](#),” said Martha Mather, Chief Operating Officer of Aware Recovery Care. “It is crucial that women who are struggling with addiction have innovative, evidence-based treatment options available to them. A supportive community is equally important, and SHE RECOVERS reminds women in recovery that they are not alone, which is so powerful.”
